

## Installing Images Add-on for I/Mobile.

### Step 1:

Download the I/Mobile Image Add-on (mobile\_images\_addon.zip) from the DES website, and save it to a location (such as your Desktop) that will be easy to locate.

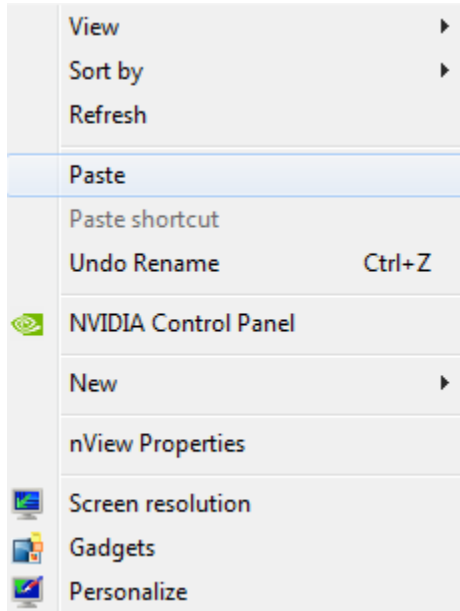

### Step 2:

1. Double click to open the mobile\_image\_addon.zip file.
2. Once open, locate the 'Mobile Images Add-on' folder.
3. RIGHT click on the folder, and click on COPY.

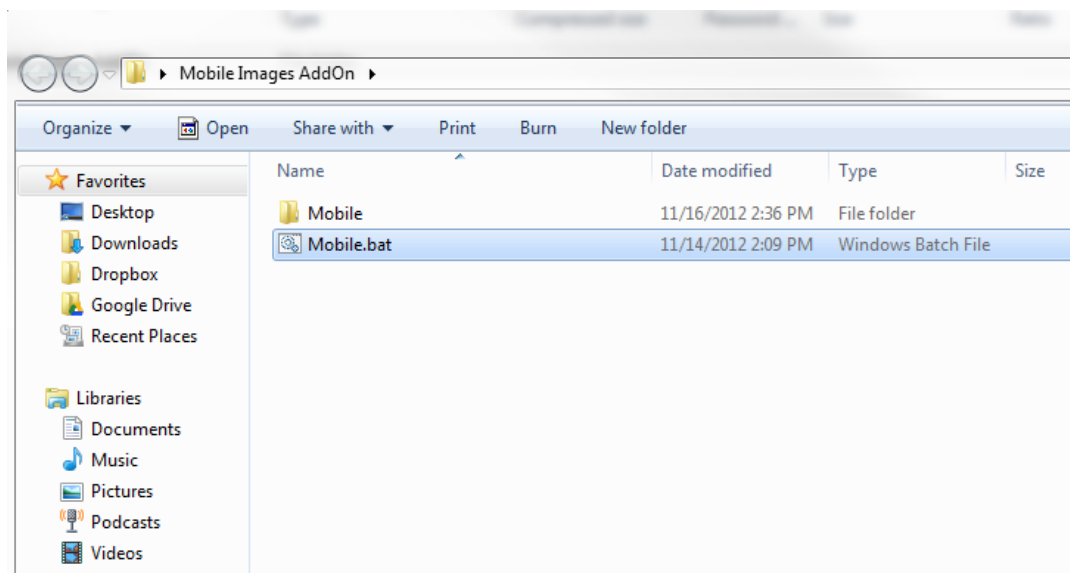

### Step 3:

1. Go back to your desktop, and RIGHT click anywhere.
2. Choose PASTE from the drop down menu.

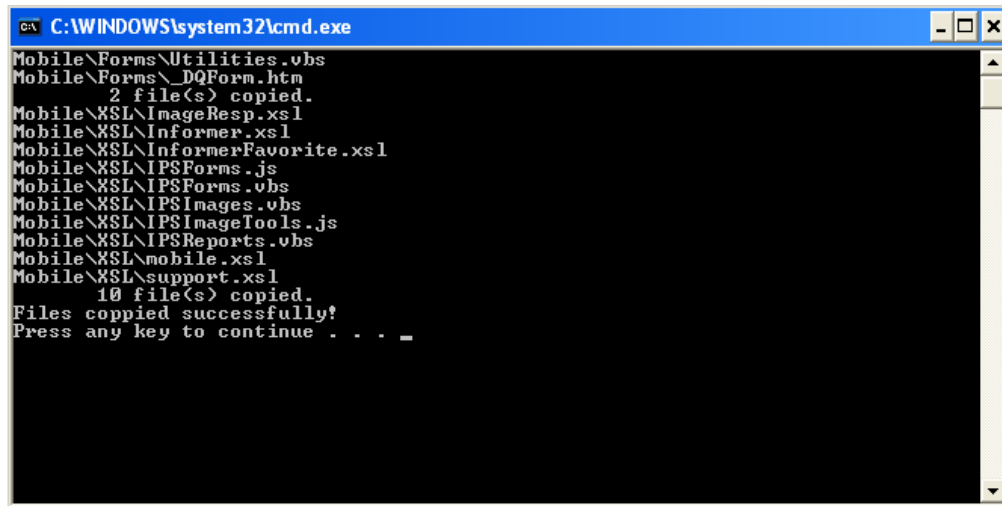

### Step 4:

1. Double click the 'Mobile Images Add-on' folder, to open it.
2. Locate the 'Mobile.bat' file.
3. Double click on it to open it.

### Step 5:

1. The files will automatically transfer.
2. Once the files are done copying, you will see the following window.
3. Press ANY key to close the window.

```
C:\WINDOWS\system32\cmd.exe
Mobile\Forms\Utilities.vbs

Now when in I/Mobile, you should see the following change to your Driver Reg (DQ) form. At the bottom you should have a new box that says 'Image Y/N'. To return a driver's license, please type a 'Y' in the box before clicking on SEND.

You do not need to place an 'N' in the box if you wish to not return a query. Leaving it blank will default the value to 'N'.
